WINNIPEG, June 23.

Quebec legislature prorogued on Friday.

The synod of the diocese of Niagara has adopted a resolution favoring the consolidation of the Anglican church in Canada.

The Globe says that Blake has been offered a seat in Longford by the Irish nationalists. Both Langford's elected nationalists.

Brownsburg cartridge factory, four miles from Lachute, Quebec, exploded on Tuesday. One building demolished. Three men killed.

The democratic national convention nominated Cleveland for president on a first ballot. The candidate for vice-president will be nominated to-day.

The Ontario government has dismissed Elgin Meyers, Q. C., crown attorney of Dufferin, because he refused to refrain from advocating political union with the States.

The New York correspondent of the Montreal Witness says that the Irish Americans are opposed to Blake's being leader of the Irish nationalists in the Imperial parliament or even being given a seat.

WINNIPEG, June 25.

The Garrys defeated the Capitals at lacrosse on Saturday 6 to 2.

Hon. E. Blake sailed yesterday on the Parisian for Ireland.

Before prorogation the Quebec legislature voted \$50,000 for the relief of sufferers by the recent cyclone.

The sailing ship Fred. B. Taylor, of Yarmouth, and the steamer Vega, of Lisbon, are missing. It is supposed they collided at sea and sunk with 1,000 lives.

As Gladstone was driving on Saturday to address a meeting a woman threw a missile which scratched his left eye and cut his nose. The incident caused an immense sensation.

Several battles have been fought in Brazil between revolutionists and the government forces without material advantage on either side. Over 1,000 lives are reported lost.

OTTAWA, June 26.

The English speaking liberal members of the Commons have forwarded an address to Robert Watson congratulating him on his entry into the Manitoba cabinet. The French liberals refused to sign it because of the action of the Greenway government on the separate school question.

LOCAL.

RIVER falling.

M. MCKINNON left for Calgary on Friday's train.

THE streets have entirely dried up since the recent rains.

A RAFT of lumber for Moore & Macdowall came down from the mills on Saturday.

A MEETING is being held at Fort Saskatchewan, south side, to-night to prepare for celebrating the 1st of July in an appropriate manner, at that place.

RONALD CHISHOLM suffered severe injuries on Saturday night by being thrown from a road cart in which he was riding, while breaking a colt. He is under medical attendance.

FRIDAY next is Dominion Day and every preparation has been made for a good day's sport. Prizes to the amount of \$600 will be offered for the usual horse races and athletic sports.

THE Caroline Gage theatrical troupe disbanded at Banff.

THE view of the town and surrounding country from the roof of the three story addition to the Canada hotel is very fine. Photographs taken from this point would do the place partial justice.

J. PRUDEN was in town last week from Beaver lake. He sold \$180 worth of fur to H. S. Young. Jas. Pruden, sr., of Beaver lake is ill. Crops never looked better there at this season than now.

E. LADOUER was in town from Lac la Biche last week. He sold \$1,200 worth of fur to Jas. Walsh. The season of growth at Lac la Biche has been most favorable and crops are in advance of those at Edmonton.

THE contract for erecting a schoolhouse for Clover Bar School District has been let to K. A. McLeod. The building will be 18x24, with 12 foot ceiling. The price is \$560. It will be on the corner of Mr. Stephens' claim.

THE party of Dakota settlers who arrived with Wm. Ritchie on Thursday last have purchased 20 quarter sections of C. P. R. lands. The land was chiefly purchased southeast of Fort Saskatchewan, in the vicinity of the German settlement, and all for purposes of actual settlement. Besides those who have purchased eight of the party will take homesteads.

SHEEP shearing is generally over in the district. The wool crop is good, but there is no wool buyer here, and consequently the wool is on the farmers' hands. There must be four or five thousand pounds of new wool for sale in this district. It is to be hoped that some of the merchants will arrange to handle this valuable export product of the district, or that a buyer may come in to purchase it.

CROPS of all kinds are looking well—could not look better. There has been no break or set back whatever in the season of growth, which, although rather later than usual, was still considerably ahead of any other part of Canada. The seed was good and well put in, and there is every possible assurance of the most bountiful crop the district has ever seen. The great heat of the past few days, following the late heavy rains, is bringing on growth at a most rapid rate.

A. S. CARTER, well known in Edmonton, is doing business as an independent land guide at Innisfail. This is an enterprise for which there is a need at every point where settlers are coming in numbers and is much better than a government land guide service. When people pay for what they get they will be better served, and better satisfied, than if they got the service for nothing. Mr. Carter is a most competent man and in view of the large number of incoming settlers at Innisfail should do a good business.

G. KORMAN, representing Der Nordwesten, the German newspaper published in Winnipeg and Rev. H. C. Tohmieder of Eidenwald, German settlement near Balgonie, Assiniboia, arrived on Monday's train to visit the German settlements in the Edmonton district. They visited the Stony Plain settlement on Tuesday and Wednesday and found the country beautiful and the people prosperous and contented. Their numbers were being constantly increased by arrivals from Europe. Mr. Korman says that the Edmonton district in his opinion is the best field for settlement in the Northwest.

A terrible cyclone devastated a part of Minnesota near Albert Lea. The dead number upwards of 100.

A Kentucky moonshiner was recently fined \$157,700 on 1,577 cases. There were 2,211 warrants against him. His available assets amounted to fifteen cents.

Direct tax resolutions have been brought down in the Quebec legislature to enable the province to recuperate itself financially. They provide for an annual tax on all manufacturers of \$50 if the capital employed is under \$50,000; \$100 on capital up to \$100,000, and \$150 if over that sum. Tobacco manufacturers to pay an annual license, based on the rental value of their premium, the minimum being \$100 and the maximum \$500. Every shop-keeper, trader, person or firm carrying on business is to pay a yearly license of \$100 in Montreal, \$80 in Quebec, \$50 in other towns, and \$30 in other places for wholesale, and from \$10 to \$80 according to the rental value of retail stores. An annual license is required from all dealers in liquor, including dining cars and druggists, varying from \$50 to \$200.

DAKOTA DELEGATES.

W. Ritchie of Grafton, North Dakota, arrived on Thursday's train with a large party of delegates from the vicinity of Grafton in the Red River Valley of that state. The following are the names of the party: J. W. Clement, J. McLeod, T. F. Clement, D. H. Clement, R. McRae, Jas. Stewart, Wm. Black, Alex. Thomson, J. Asher, G. W. Asher, Ole Engen, Wm. Carson, R. Gordon, G. Swanson, Jas. Coutts, D. Coutts, J. W. Smith, C. W. Woodie, F. Smith, Geo. Boadie, A. Sherar, R. Bowes, Jas. Baldwin, W. Russell, Robert Ager, A. F. Sinclair, M. Foley, M. Abbott, Geo. Kothe, J. McCabe, T. N. Kernston, J. Reid, W. H. Fee, T. D. Sturkel, Jas. Disoutele, Jas. Fleming, W. C. Herbinson, J. Scully, E. Brown, J. Burrows, D. Disoutele, F. Disoutele, T. Kelly, H. C. Upham, W. Hoople, C. Boss, M. Wince, J. Montgomery, Jas. Drew, Albert Drew, M. Nelson, N. McPhee, P. McPhee, P. Sullivan. Only twenty of the delegates arrived on Thursday the remainder dropping off at various points along the line, but will come on to Edmonton later. Nearly all those arriving remained over until next train and are busily engaged inspecting the country. Mr. Ritchie says that there has been a very large flow of settlers from Dakota this season, the majority going along the newly constructed railway through the Souris country, but a very large number are also coming to Edmonton. Mr. Ritchie says that the course pursued by local immigration pushers in nearly every place in the Northwest and particularly along the Calgary & Edmonton line is highly detrimental to the interests of the places themselves and of the whole country. It appears to be the idea that their own place or district can be improved in the eyes of new comers by belittling the advantages of every other place. The contrary is the case. As the traveller passes from settlement to settlement and hears disparaging stories of each from the other he concludes that the evil told in all cases is the truth and therefore that the whole country is no good. Or even if a particular district suits him, if it is all that is good, it is not enough to make a country worth staying in. People want a country that is big as well as good, and that is the inducement that local agents should set before them; not try to make them believe the contrary.

EDMONTON BULLETIN, JUNE, 27, 1892

THE LAND OFFICE.

The position of affairs regarding the land office, although not by any means satisfactory, are apparently in a fair way for becoming so. Apparently the intention of closing the Edmonton office has been abandoned, and when Thompson, Ouimet, Loughheed and Dayin, and even Dewdney, say that they did not and do not intend to close it, we are bound to believe them—as a matter of courtesy, if nothing more; and we are bound to believe that in attempting to effect a complete removal the agent was acting on his own responsibility and unlawfully prejudicing the public interest; and that therefore the forcible measures taken to prevent removal are justified.

Let it be understood that there is not and was not the slightest desire on the part of the people of Edmonton to, in any way, hinder the giving of the fullest facilities to immigrants by the establishment of a land office on the South Side or anywhere else that may please the interior department; but they have the very gravest objections to the closing, or in any way withdrawing from the facilities of, the land office that has done more business within the past year and a-half than any land office in the Territories—or probably than all others together—and which is most conveniently situated to do the land business of the Edmonton district.

As matters stand at present, although the town office has been open since Thursday morning, there has been considerable difficulty, delay and dissatisfaction in the transaction of business. People have been compelled to wait for their entries until the necessary books could be brought back from the South Side, although in no case have they been refused entry. The same has been the case on the South Side. If the lands department desires to facilitate entries by immigrants on both sides, it will be necessary for them to organize some system different from the present. The fact that the double office is being run without any convenient system seems to call loudly for the presence of the inspector of agencies who made such a flying visit week before last. Mr. Gordon gave the order which caused the trouble, it is now in order for him to amend his order and avoid further trouble for himself as well as for the agent and the department. A grave error has been committed by someone. An error that nearly resulted in bloodshed, and that has

resulted in shaking the confidence of every class of people in this region, in the good faith of the government in its professions of interest in the welfare of the settler. The sooner and more fully the error is rectified the better for all parties concerned, and especially for the officials of the department of interior. People do not like to be put in the position of having to use physical force to protect their rights, and they will be slow to forget who caused them to be put in that position on this recent occasion.

EGG LAKE.

S. Whitford and E. Anderson arrived from Egg Lake, south of Victoria on Thursday with a band of beef cattle. Land prospectors are over running the Egg lake district, but it is as yet unsurveyed. A petition was recently circulated amongst the numerous settlers to have it surveyed at once. It is a magnificent tract of country suitable both for farming and ranching. It is about nine miles south of Victoria settlement on the Saskatchewan. The ferry cable and scow recently put on the Saskatchewan at Victoria for the accommodation of the Egg lake and Victoria settlements by the Northwest government works well and very greatly facilitates travel between the two places. Simon McGillivray of Victoria is ferry man.

FORT SASKATCHEWAN.

St. JEAN-BAPTISTE day was celebrated at Fort Saskatchewan on Friday by the French Canadians of that settlement. The proceedings commenced with a procession from the house of the president, Frank Lamoureux, to the Roman Catholic church where high mass was celebrated and a sermon, suitable to the occasion, was preached by the cure, Rev. Mr. Dorais. A picnic followed on the grounds in rear of J. Lamoureux'. After the refreshments had been disposed of A. Prince, M.L.A., delivered a patriotic address. Sports and games followed during the afternoon and dancing in the evening in the Fort Saskatchewan schoolhouse.

THE LAND OFFICE.

The following telegram appears in the Free Press of June 21st:

"Ottawa, June 20.—Reports have reached the government of the attempt to remove the land office at Edmonton from the north to the south side of the Saskatchewan. The land office, it is stated, was being removed from Edmonton to the terminus of the Edmonton & Saskatchewan railway on the south side of the Saskatchewan river for the accommodation of settlers on the south side. At present settlers around the terminus of the railway having business with the government officers have to walk nearly three miles and then cross the river to Edmonton. The people of Edmonton evidently thought the removal of the government offices would mean some loss of prestige and thereupon opposed the removal. It was the intention of the government to merely give settlers summer accommodation in a box car on the railway which would simply facilitate sales for the entire district."

The attempt made in the foregoing to induce the belief that settlement is chiefly on the south side while the land office is on the north, coming as it does from Ottawa and no doubt from an official source, not being in accordance with the facts shows that there has been crooked work in the matter. If the Ottawa authorities believed that this was the case they arrived at the belief on misinformation, for which misinformation their local officials must be held responsible. If their local officials are not responsible for the attempt at deception the government itself is. That is, it is a party to an attempt to inconvenience a large majority of the settlers of the district for the sole and only purpose of giving a fictitious value to the town lots of a purely speculative company.

ST. ALBERT.

St. Jean-Baptiste day was celebrated, at St. Albert, on Saturday the 25th. High mass was celebrated at 9:30, a.m., His Lordship Bishop Grandin officiating. The singing was very good. The sermon of the day was preached by Rev. Father Royer. A large collection was taken up by E. Brousseau, of St. Albert, and Mrs. Roy, of Edmonton. Lunch was served on the picnic grounds and dancing followed. An address suitable to the occasion was delivered in French and English by A. Prince. M.L.A. There was a large attendance and as the weather was all that could be desired a very pleasant day was spent.
